Devonshire Signature Gin

The Devonshire Signature Gin was added to our gin menu following the lockdown at the beginning of 2021.

Mat and Kirsty met with Mark and Dom (the powerhouse and distiller extraordinaire) from Hooting Owl in the East Riding of Yorkshire.

Dom's passion for every gin that he makes and his meticulous attention to detail is awe inspiring.

The bottle is black glass which is laser engraved and features the pub.

The Devonshire is used as the external shots for The Drovers Arms in All Creatures Great and Small in the Channel 5 smash hit production that aired in September 2020.

A third and fourth series have now been commissioned. All Creatures Great and Small uses Grassington to portray the fictional village of Darrowby.

All about the gin

Our signature gin starts with juniper and is complimented by citrus notes of bitter orange and grapefruit, earthiness from mountain ash and the sweetness found in liquorice and cassia bark. It is finished with spicy notes of cubeb and grains of paradise. The result is a rich aromatic, very smooth "ginny" gin at 42% ABV.
